Dear colleagues and friends,

We are lucky to work in a field that is both diverse and dynamic. Within the last years, we have been able to establish so many different innovations for the benefit of our patients. We keep in mind the great words of Thomas Stearns Elliot: “Only those who will risk going too far can possibly find out how far one can go!”

Today we find ourselves with a high level of quality, but there is still so much to do. Neurorehabilitation holds so much more potential!

The European Congress of NeuroRehabilitation 2019 in Budapest, Hungary, aims to keep the important dialogue between the countries in Europe, but also between colleagues from all over the world lively and flourishing. Our goal requires continuous research as well as collaborative projects in order to avoid permanent damage and disabilities as consequences of cerebral and cardiovascular diseases, accidents and injuries, or functional disorders. This congress of experts will provide transnational and interdisciplinary opportunities to learn from one another and include those findings into daily work practices.

We are looking forward to a lively exchange and to meeting you at the ECNR 2019!

Yours sincerely,
Dafin Mureșanu
### PROGRAMME OVERVIEWS

**WEDNESDAY, 9 OCTOBER**

**Teaching Day for Youngsters Part 1**
- Workshop 1: Prism adaptation in treatment of attentional disorders
- Workshop 2: Palliative Medicine in neuro-rehabilitation
- Workshop 3: Career development

**Teaching Day for Youngsters Part 2**
- Workshop 4: The art of goal planning and use of ICS
- Workshop 5: State of the art: motor rehabilitation - upper extremity
- Workshop 6: Pharmacology: nervous rehabilitation

**Teaching Day for Youngsters Part 3**
- Workshop 7: Randomised controlled trials, and alternatives
- Workshop 8: The art of rehabilitation - lower extremity
- Workshop 9: Assessment and treatment of dysphagia

**Teaching Day for Youngsters Part 4**
- Workshop 10: Measuring spasticity
- Workshop 11: Neurological music therapy
- Workshop 12: Diagnosis and treatment of ophthalmic problems

**POSTER SESSIONS**

- Poster Sessions

### THURSDAY, 10 OCTOBER

**Teaching Day for Youngsters Part 5**
- Workshop 13: Motor rehabilitation in headache and chronic pain (Cooperative Society 6)
- Workshop 14: Motor rehabilitation in Parkinson’s disease (Cooperative Society 6)
- Workshop 15: Motor rehabilitation in neuro-rehabilitation (Cooperative Society 6)

**Teaching Day for Youngsters Part 6**
- Workshop 16: The art of goal planning and use of ICS
- Workshop 17: The art of rehabilitation - upper extremity
- Workshop 18: The art of rehabilitation - lower extremity

**Teaching Day for Youngsters Part 7**
- Workshop 19: Randomised controlled trials, and alternatives
- Workshop 20: Assessment and treatment of dysphagia

**Teaching Day for Youngsters Part 8**
- Workshop 21: Measuring spasticity
- Workshop 22: Neurological music therapy
- Workshop 23: Diagnosis and treatment of ophthalmic problems

### FRIDAY, 11 OCTOBER

**Teaching Day for Youngsters Part 9**
- Workshop 24: Motor rehabilitation in headache and chronic pain (Cooperative Society 6)
- Workshop 25: Motor rehabilitation in Parkinson’s disease (Cooperative Society 6)
- Workshop 26: Motor rehabilitation in neuro-rehabilitation (Cooperative Society 6)

**Teaching Day for Youngsters Part 10**
- Workshop 27: Randomised controlled trials, and alternatives
- Workshop 28: Assessment and treatment of dysphagia

**Teaching Day for Youngsters Part 11**
- Workshop 29: Measuring spasticity
- Workshop 30: Neurological music therapy
- Workshop 31: Diagnosis and treatment of ophthalmic problems

### SATURDAY, 12 OCTOBER

**Teaching Day for Youngsters Part 12**
- Workshop 32: Motor rehabilitation in headache and chronic pain (Cooperative Society 6)
- Workshop 33: Motor rehabilitation in Parkinson’s disease (Cooperative Society 6)
- Workshop 34: Motor rehabilitation in neuro-rehabilitation (Cooperative Society 6)

**Teaching Day for Youngsters Part 13**
- Workshop 35: Randomised controlled trials, and alternatives
- Workshop 36: Assessment and treatment of dysphagia

**Teaching Day for Youngsters Part 14**
- Workshop 37: Measuring spasticity
- Workshop 38: Neurological music therapy
- Workshop 39: Diagnosis and treatment of ophthalmic problems

**POSTER SESSIONS**

- Poster Sessions

### CERTIFICATION & COMPLIANCE

The European Congress for NeuroRehabilitation applies for accreditation by the European Accreditation Council for Continuing Medical Education (EACCME).

Furthermore, the ECNR 2019 is COMPLIANT with the “Eucomed Code of Ethical Business Practice”.
