If you already have the printable file of your poster, you may upload this one, too – but please keep in mind that the screen of our terminal will not be fully used in this case.

Step-by-step instruction for uploading the ePoster

Please go to our abstract system at <https://ecnr2019.abstract-management.de/index.php> and log in with your known access key. In case you have forgotten your password, please request a new one by clicking on “Recover your login – please click here!”.

After successful login, either your abstract will be shown or you see it/them after clicking on “Submit”. Please click on the button “Mediacheck”.

Please note that any changes in the abstract text can no longer be considered.

Upload your ePoster as JPG- or PDF-file under point “Attachment/ePoster” and confirm by clicking on “Next”.

Please remember to “Save” the whole process.

You will immediately receive an email including the confirmation of your successful edit.

After review by our technical department, you will receive another email confirming the acceptance of your file (usually within 7 days). If your ePoster does not meet the technical requirements, you will be informed about the necessary adjustments.
